

Arkansas Sexual Assault Statistics

Victims served in state annually: 3,000

Uniform Crime Data

Number of victims recorded 2005: 1,193

Forcible rape is defined by the FBI as “the carnal knowledge of a female forcibly and against her will. Assaults and attempts to commit rape by force or threat of force are also included; however, statutory rape (without force) and other sex offenses are excluded”. This definition of rape is extremely limited, excluding male victims of sexual assault, incidents where physical force was not used, victims raped by family members, and only counting victims of vaginal/penile penetration.
