

## Nebraska Sexual Assault Statistics

**Victims served in state annually: 7000**

## Uniform Crime Data

**Number of victims recorded 2005: 579**

Forcible rape is defined by the FBI as “the carnal knowledge of a female forcibly and against her will. Assaults and attempts to commit rape by force or threat of force are also included; however, statutory rape (without force) and other sex offenses are excluded”. This definition of rape is extremely limited, excluding male victims of sexual assault, incidents where physical force was not used, victims raped by family members, and only counting victims of vaginal/penile penetration.

## About the Nebraska Domestic Violence and Sexual Assault Coalition

**What NDVSAC does:** Training on the local and statewide level. Dissemination of a variety of education materials. Works to ensure laws and public policy initiatives support victims and hold offenders accountable. The broader mission is to increase public awareness and community involvement and to encourage local community leaders and other key service providers to support efforts to change the institutional policies and cultural practices that perpetuate violence against women and children.
