

Rhode Island Sexual Assault Statistics

Victims served in state annually: 400

Number of victims recorded 2005: 321

Uniform Crime Data

Forcible rape is defined by the FBI as “the carnal knowledge of a female forcibly and against her will. Assaults and attempts to commit rape by force or threat of force are also included; however, statutory rape (without force) and other sex offenses are excluded”. This definition of rape is extremely limited, excluding male victims of sexual assault, incidents where physical force was not used, victims raped by family members, and only counting victims of vaginal/penile penetration.

About Day One

What Day One does: Day One's mission is to reduce the prevalence of sexual abuse and violence, and to support and advocate for those affected by it. Day One's vision is to create a community that is free of sexual abuse and violence through leadership and action that is responsive to the needs of the community.
